

Do You Open Your Mouth

Like a young bird and pull down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether a food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes, broadcast and on each bottle wrapper, what his medicines are made of and verifies the same. This he feels he can well afford to do because the more the ingredients of which his medicines are made are known, the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal region, accumulation of menses, such as debility, pelvic catarrh, drain and kindred symptoms of "female trouble," Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system for the expected mother for baby's coming thus insuring a child's safe and comparatively painless birth. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating, nerve and nerve exhaustions, nervous prostration, neuritis, hysteria, spasms, chlorosis or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. For you may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities to Dr. R. C. Pierce, Inventor, Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

OPERA TROUPE COMING

Subscription List Is Now Sufficient to Warrant Its Visiting Salem--Curtain at 8:45.

F. M. Norcross, manager of the International Grand Opera Company, has decided that the subscription list that Manager Meredith has had signed warrants the appearance of the opera company, coming Saturday night, September 4, and that on account of the stores being open until 8 p. m. that night, arrangements will be made to have the curtain go up at 8:45 p. m.

For the accommodation of those signing the subscription list, the box office will open Tuesday and Wednesday for the disposal of tickets. A few good reservations are left, and the paper is at Patton's book store for signatures up to and including Monday, August 30. This is to be a gala night in the history of opera in Salem. The voting for the favorite opera is still on, and looks like "Carmen" has a slight advantage of "Trovatore." It will be decided by Monday.

On account of the large orchestra the first row of seats will be taken out.

KILLED BY CAVING OF WELL

Asa and William Peacock, Brothers, Buried in Well at Albany--One Body Recovered.

[United Press Leased Wire.]

Albany, Or., Aug. 27.—Efforts to recover the body of Asa Peacock, buried 28 feet in a well which caved in last night while he was excavating a shaft, were resumed today. The body of Peacock's brother, William H. Peacock, was recovered last night after the father and several neighbors had dug away three feet of earth with which it was covered. William met his death in a second cave-in while he was attempting to rescue his brother.

Asa had reached a depth of 28 feet when the earth began to slide. He was knocked down and before he could arise was buried under several feet of heavy soil. William jumped into the shaft and began digging. A second cave-in followed and he was buried under three feet of earth.

The frantic father summoned aid and after 15 minutes' work the body of William was recovered, but he was beyond aid. Knowing from this that it would be no use to continue digging for the other brother until the sides of the shaft were shored, neighbors compelled the father to cease digging until today when a systematic effort to recover the second body was begun.

SAVED HER BOY BUT BURNED HERSELF

[United Press Leased Wire.] Ocean Park, Cal., Aug. 27.—Her arms and the upper part of her body frightfully seared and burned, Mrs. A. Tener, a summer visitor from New Jersey, today lies in the Bay hospital in this city in a delirious condition.

The physicians who attended her hold out small hopes for her recovery. Late yesterday Mrs. Tener's small son upset a lighted stove with which he was playing and called for help.

Mrs. Tener's arms were sheathed in long gloves which she was cleaning with gasoline. She rushed to the boy's side, and almost immediately her arms and shoulders were enveloped in a mass of flames, which she finally extinguished by rolling on the floor. The boy escaped without injury.

MRS. ELINOR MARTIN TO ENTERTAIN TAFT

She will entertain the president at her Broadway home and it is said that the guest list will be limited to 20 persons. Mrs. Martin has not taken any one in her confidence regarding the names of those who will be guests at the function.
